NATIONAL FOOTBALL LEAGUE CONCUSSION  
INJURY Litigation, N. 2:12-md-2323

Dear Judge Brady,

I have been told that it's highly probable that you will approve without changes to this settlement. Before, you do I wanted to object to the terms of the settlement as it relates to those of us with serious post concussion symptoms. The settlement provides no monetary or medical value to former players suffering violent mood swings, depression, anxiety or suicidal thoughts. I believe these conditions should be a part of the settlement. Instead, it appears to be a NFL Omega or Greater Settlement.

Therefore I feel the court should order both parties back to the round table to negotiate additional terms that provide us a greater value to those of us with concussions.

Sincerely,

  
Eric Steinlach
